Western Suburbs Accounting

Concerned over the ever- increasing cost of accountants?

Western Suburbs Accounting offers real value for money

Why do we offer the best value?

We simply do not have the overheads of the average accountancy office

Our client base is from the Top End of Australia to Melbourne. We can visit customers at your business premises giving you another positive step to a simpler and stress free smooth sailing lifestyle.

Essentially, the focus of our business is to offer personalized and friendly service, to give options and alternatives of all tax advantages that maximize tax deductions.

Given the perpetual changes to tax law and the changing demographics of the industry that accountants have to keep up with, we are able to pass on our expertise to clients who might need it. We are generous with our time and would like clients to leave feeling that they have had value for reliable service.

Our specialty is in the preparation and lodgment of ...

- Individual
- Partnership
- Company
- Trust Returns

Focusing on small business and BAS returns, also a cost effective book- keeping service. Outsourcing your book-keeping service will allow you to concentrate on your core business. In addition, up to date information will allow you to make accurate and timely business decisions.
